DATES OF UNEXCUSED ABSENCES

02/08/2017,02/09/2017,02/10/2017

The school applied the truancy prevention measures after 3 or more days or parts of the day within a four week period or prior to the child having 10 or more days or parts of the day within a 6 month period and the truancy prevention measures failed to meaningfully address the student's school attendance.

At the time of this referral, it was determined that the student's unexcused absences are NOT the result of the student's pregnancy, homelessness, being in a state foster program, or being the principal income earner for the student's family.
